Welcome Address

Dear Colleagues:

On behalf of the organizing committee, I am pleased to invite you to attend the 3rd Pan-Pacific Continence Society (PPCS) Meeting which will be held in Kaohsiung Taiwan on September 26-27, 2008.

The Scientific Committee has working hard to put up a wonderful program. The meeting will begin with the PPCS-Pitt symposium held on September 26. The goal of the symposium is to acknowledge the great contribution of Dr. de Groat for his teaching on Asian MD scientists, who continue to make major discoveries in LUT physiology after they go back to their home countries. All PPCS members are invited to attend the symposium.

The main scientific meeting held on September 27 includes two symposiums and three state-of-art-lectures. Distinguished speakers from Asia, USA and Zew Zealand will present their expertise in functional urology. This year there will be a space for displaying non-discussion posters, allowing more authors to show their works which are not selected for formal presentation due to time limitation.

A meeting would not be a good one without good social programs. Kaohsiung is a lovely harbor city situating in Southern Taiwan and is famous for sea food. In congress dinner you will enjoy the wonderful sea food dishes. We also arrange a cruise on Love River following the reception in the evening of Sep. 26. You are guaranteed to praise the beautiful night scenes of Kaohsiung City. Kaohsiung is also the gateway to the Kenting National Park locating in southern tip of Taiwan. The park is beautiful and worthwhile to pay a visit.

With best enthusiasms and hospitality, we look forward to seeing you in 3rd Pan-Pacific Continence Society (PPCS) Meeting in Kaohsiung Taiwan.
